## CHILD CHAIR AND TABLE:

2.1

### Assembly

Insert the front two legs into two front holes at the bottom of the seat unit until the pin clicks into place. Insert the rear two legs in the same way.

3.1

3.2

Connect the table plates together using 4 bolts.

4.1

4.2

Screw the table legs into the holes on the underside of the table.

Ensure that the feet are in the correct position on the ground. If necessary, rotate the feet to make full contact with the ground.

5.1

Slide the seat cover onto the seat unit. Line up the harness slots on the seat cover with the harness slots on the seat unit. Pass the shoulder harness fixings through the upper slots, waist harness fixings through the lower slots and the crotch strap fixing through the slot on the seat base.

5.2

5.3

6.1

Locate the tray latches on either side of the tray and pull outwards. Slide the tray into the desired position on the slots on the seat unit armrests and release the latches.

The tray can be locked in 4 positions. Use the latches to adjust the position of the tray.

6.2

6.3

7.1

The tray cover can be removed by releasing 2 catches at either side of the cover and pulling upwards.

8.1

To connect the chair to the table, locate the 4 holes on the table and connect the 4 chair legs into the holes until they lock into place securely.

9.1

To separate the chair from the table, locate the 4 buttons on the underside of the table. Push each button to release each chair leg from the table.

## HARNESS SYSTEM ADJUSTMENT

10.1

10.2

To secure the harness, connect the shoulder and waist straps and push into buckle until they click into place. Repeat for both sides of harness.

To release the harness, press the buckle button.

Slide the harness adjusters to secure your child comfortably.

The harness can be removed for cleaning purposes. Pass each harness fixing back through the slots in the seat unit and seat cover.
